'FAMILY FIRST' is the name of our recent book where a family transforms itself into a functional family with proper guidance and mentoring. This book is the #1 Bestseller on Amazon in 6 categories. The book has been translated into Tamil; it is called 'Nalladoru Kudumbam' which is also a No# 1 Bestseller on Amazon India.

Our mission is - Build Families to Build the Nation.

To empower organizations by empowering families.

We are also the parents of Sagarikka, a teenage sensation & best-selling author of the book 'My Unskooled Year'.

We have started the 'FAMILY FIRST TRUST' with the objective of invigorating the minds of underprivileged students, educating them & giving them exposure to the outer world, industries, businesses & institutions. The entire proceeds of our book sales, talks & training sessions go towards the Trust Activities.

We look forward to supporting thousands of youngsters through this initiative and with your support.

Unlike conventional sold on the market, we were not born with an instruction manual to live the incredible life of grace and desire. The Life Workshop was created by Shweta and Sathya Mahan to fit this frustrating vacuum.

As the name of the workshop implies, they equip you with all the tools to live a happy, joyful and productive life.

Unlike some passive armchair experts who are so common today, the SAS do walk the talk. They practice what they preach!

They are looking for ways of self improvement almost on a daily basis.

Heck, they even spent one lakh each to attend TONY Robbins Seminar in Singapore even though they are ridiculously advanced life coaches themselves if this isn't testament to their drive, I honestly don't know what is.

The Life Workshop is their Magnum Opus. Take it from a beneficiary: you have nothing to lose but everything to gain.
